  - *They allow you to be shown personalised advertising to a profile based on your browsing habits, forming a profile of your preferences as a user.*

IS QUÉ A COOKIE?

This website uses cookies and/or similar technologies that store and retrieve information when you browse. In general, these technologies can serve a wide variety of purposes, such as recognising you as a user, obtaining information about your browsing habits or personalising the way in which content is displayed. Our specific uses of these technologies are described below.

DOES ANYONE USE COOKIE INFORMATION?

Company Name	Valdipromenergy Eu Coorperation, S.L.
NIF	B38963567
Street	C/Álava Nº 11 Nave A ,Sant Boi de llobregat

WHAT TYPES OF COOKIES ARE THERE?

Cookies can be classified, by virtue of their own characteristics, into various categories.

1. *Depending on the entity that manages it:*
   - *First-party cookies: These are those that are sent to your computer and are managed exclusively by us for the better functioning of the Website.*
   - *Third-party cookies: These are cookies that are sent to your computer and are not managed by us but by a third party.*
   -

2. *Depending on the length of time they remain active:*
   - *Session cookies: This type of cookie collects and stores data only while the User accesses the Website.*
   - *Persistent cookies: Through this type of cookie, the data is still stored and can be accessed and processed for the period defined by the person responsible for the cookie, and can range from a few minutes to several years.*

3. *According to the purpose:*
   - *Technical cookies: These are those that allow the user to browse through the website, platform or application and to use the different options or services that it offers, such as controlling traffic and data communication, identifying the session, accessing parts of restricted access, remembering the elements that make up an order, carry out the process of purchasing an order, making the request for registration or participation in an event, using security elements while browsing, storing content for the dissemination of videos or sound or sharing content through social networks.*
   - *Personalisation cookies: These are those that allow the user to access the service with some predefined general characteristics, such as the language, the regional configuration from which the service is accessed, etc.*
   - *Analysis cookies: These are those that allow the person responsible for them to monitor and analyse the behaviour of users of the websites to which they are linked. The information collected through this type of cookie is used to measure the activity of websites, applications or platforms and to create browsing profiles of users of these sites, applications and platforms, in order to introduce improvements based on the analysis of the usage data made by users of the service.*

Advertising cookies: These are those that allow the management, in the most efficient way possible, of the advertising spaces that, where appropriate, have been included in the website, application or platform from which the requested service is provided, based on the
